GET TO KNOW OUR SPEAKER **BRUCE KONOLD PhD**

Follower of Jesus, husband, father, friend, pastor, and professor.
Love to be outdoors in creation.

Bruce has been the pastor of Eagan Hills church for 28 years and a professor at Crown College for 16 years. He has seen a lot of change and growth in that time. His passion for God and hunger for the truth written in Scripture continues to shine through in all he does.

The topic of the Men's Retreat this year is "You Matter."

Session 1 - "You Matter to God and His Church." As men, we matter to Christ and His Church. We hear things like that a lot, but I want to think with you about some practical ways we as men really do matter to Jesus and His Church?

Session 2 - "You Matter to your Wife and Family." As men, we matter to our wife and family. We set the pace for how things go in our home. Whether married or single, men matter in their family relationships.

The role of men in the church and home cannot be minimized. We Matter.
